

Zurich, July 7, 2017

Press Release:

TESTEX expands into New Zealand

We are pleased to announce the opening of a new branch office in New Zealand. The country predominantly consists of pastoral land for sheep & cattle which offers great potential for our growth.

TESTEX is proud to announce its expansion into New Zealand

“To date, our New Zealand customers have been assisted by our Melbourne office. The LEATHER STANDARD by OEKO-TEX® was introduced in January of this year and the export value of wool from New Zealand has reached roughly 600 Mio USD. These facts convince us that now is the perfect time for us to cement our presence in Australasia.” Marc Sidler, Chief Marketing Officer of the TESTEX Group says about the expansion.

Increasing demand from New Zealand’s Textile Industry

With this development, TESTEX responds to an increase in demand from the New Zealand textile industry for OEKO-TEX® products including STANDARD 100, the LEATHER STANDARD and STeP by OEKO-TEX®. We are happy to deliver our premium services in another country with great economic potential and a strong textile industry.
